

QUALITY, HANDCRAFTED LUXURY PONTOONS

If you're looking for a custom, luxury pontoon boat from an independent, family-owned manufacturer

## THAT'S WHAT WE DO – AND THAT'S ALL WE DO

We are not a big corporation or a mass production plant. We stand by our boats to ensure your long-term satisfaction with a great purchasing decision. All Landau® original components carry either a lifetime or a 5-year limited warranty, and we maintain NMMA certification, meeting or exceeding strict ABYC standards.

While many watercraft are assembled from pre-made components, Landau Boats are handcrafted by our skilled team using the best raw materials. From smooth riding U-shaped logs and stronger floor support to our custom upholstery, made in-house, we offer build quality over production quantity.

Enjoy a stronger, safer craft, with advanced features including purpose-built storage options, sound and lighting innovations, changing rooms, bimini tops, and wake board towers – everything to make you love being out on the water.

# WHY LANDAU®?

## **There is no substitute for quality in-house craftsmanship.**

Each Landau Boat is handcrafted by our dedicated team of builders to tight quality control standards. Our pontoon logs, floor joists, rotationally molded seat frames and upholstery are all made with purpose, allowing our technicians to choose the best quality materials and design the final product to meet or exceed the needs of its purpose.

## **Small companies value you more.**

Landau is not a massive corporation or a brand name owned by a faceless conglomerate. We are a real small company that depends on your business, so we will take the time and put in the effort to make sure you are completely satisfied. Give us a call, we will get you to a person who can help you.

## **A strong warranty & certification.**

The NMMA Certified label on a Landau® Boat is your proof that it meets, or exceeds, the industry's strictest quality and safety standards. Each Landau® Boat also comes with a limited lifetime warranty on structure, railing, decking, and seat frames and a 5-year stem to stern limited warranty on all other original components. See page 15 for warranty details.

0.09" gauge U-shaped logs with 0.10" gauge nose cones

Super thick aluminum  
C-channel joists on 16" centers  
bolted directly to the logs  
using stainless hardware

Durable pressure treated plywood flooring  
with heavy-duty front corner bracing

## Limited Lifetime Warranty

**PONTOONS AND STRUCTURE:** All pontoon logs, the aluminum undercarriage and motor pods carry a lifetime limited warranty against structural defects in materials and workmanship for the original purchaser.

**ALUMINUM RAILING:** All aluminum pontoon tubular railing carries a lifetime limited warranty against structural defects in materials and workmanship for the original purchaser.

**WOOD DECKING:** All wood decking carries a lifetime limited warranty against structural defects in materials and workmanship for the original purchaser.

**SEAT BACKS AND BASE:** All seat frames carry a lifetime limited warranty against defects in materials and workmanship for the original purchaser.

### **ALL OTHER ORIGINAL COMPONENTS CARRY A 5-YEAR STEM TO STERN LIMITED WARRANTY.**

In addition to Landau's lifetime limited warranty on structural items, Landau offers a 5-Year limited warranty that protects the original owner from defects in materials and workmanship for all other original components. Landau will replace or repair any original part or component deemed to be defective for a period of five years from the original date of purchase.

This limited warranty does not cover results of abuse, damage or normal use. Landau will repair or replace any items deemed defective at the Landau facility in Lebanon, MO or pre-approve and pre-authorize repairs or replacement at an authorized repair center. Transportation charges are not covered under this limited warranty program.
